

PARADISE CHARTER MIDDLE SCHOOL

## Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Paradise Charter Middle School	Beverly Landers Executive Director	blanders@pcms.tv 530-872-7277

### Introduction

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

### Performance Standards

The performance standards for the local performance indicators are:

#### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

#### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California EC Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Teachers	Number	Percent
Misassignments of Teachers of English Learners	0	0
Total Teacher Misassignments	1	14%
Vacant Teacher Positions	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The "Good Repair" Standard (Including Deficiencies and Extreme Deficiencies)	1

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) - Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics - Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

**OPTION 2: Reflection Tool**

**Recently Adopted Academic Standards and/or Curriculum Frameworks**

**1. Rate the LEA’s progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**

- Rating Scale (lowest to highest) -
- 1 - Exploration and Research Phase
  - 2 - Beginning Development
  - 3 - Initial Implementation
  - 4 - Full Implementation
  - 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards			3		
History-Social Science				4	

**2. Rate the LEA’s progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

- Rating Scale (lowest to highest) -
- 1 - Exploration and Research Phase
  - 2 - Beginning Development
  - 3 - Initial Implementation
  - 4 - Full Implementation
  - 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)				4	

Academic Standards	1	2	3	4	5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science					5

3. Rate the LEA’s progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science					5

**Other Adopted Academic Standards**

4. Rate the LEA’s progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Career Technical Education	1				
Health Education Content Standards				4	
Physical Education Model Content Standards				4	
Visual and Performing Arts	1				
World Language	1				

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole				4	
Identifying the professional learning needs of individual teachers				4	
Providing support for teachers on the standards they have not yet mastered				4	

### Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

**Sections of the Self-Reflection Tool**

**Section 1: Building Relationships Between School Staff and Families**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- Rating Scale (lowest to highest) -
- 1 - Exploration and Research Phase
  - 2 - Beginning Development
  - 3 - Initial Implementation
  - 4 - Full Implementation
  - 5 - Full Implementation and Sustainability

Building Relationships	1	2	3	4	5
1. Rate the LEA’s progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.			3		
2. Rate the LEA’s progress in creating welcoming environments for all families in the community.			3		
3. Rate the LEA’s progress in supporting staff to learn about each family’s strengths, cultures, languages, and goals for their children.		2			

Building Relationships	1	2	3	4	5
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.			3		

**Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

A key component of the PCMS charter mission is partnering with parents in their child(ren)'s education to develop a culture that emphasizes character development and provides opportunities to succeed and enhance the greater community.

Strengths identified in 2023 include building trusting relationships, creating a welcoming environment, and engaging in two-way communication. PCMS strives to strengthen relationships with and elicit feedback from families through a process of surveys and personal interviews with site administration. PCMS also consistently uses the Remind app to allow for two-way communication and sends out a monthly newsletter to families to provide school updates. Future newsletter editions will include strategies for parents to support their student's academic and social-emotional needs.

PCMS hosts a community event each spring and invites currently enrolled and newly enrolling families for a BBQ dinner that will include a new family orientation. This event provides opportunities for new families to hear the vision/mission of the school and learn about opportunities to be actively involved in the decision-making process.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

PCMS has room to improve in all areas of building relationships with families, however, the area that most needs to be addressed continues to be increasing communication directly between teachers and parents. PCMS is developing a more robust Parent Advisory Committee to head this work and is dedicating a portion of the new school leader's time to addressing family engagement and chronic absenteeism.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

PCMS added a self-identification question to the spring survey so data could be disaggregated by student group. All families meet with the executive director, annually to further explore needs.

PCMS is actively working to ensure enrollment demographics match Paradise Unified. Low-income families are also supported by receiving priority for admission to the after-school program. Hotspots are distributed as a priority for low-income families so learning can continue in the home.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Building Partnerships	1	2	3	4	5
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.		2			
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.			3		
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	1				
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	1				

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

An area of strength is supporting families with information and resources that support learning and development at home. Teachers post information on the school website and use Google Classroom to support off-site learning.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

Areas for improvement include implementing policies, procedures, and/or programs in which teachers and families will meet to discuss student progress and ways to work together to support improved student outcomes. PCMS also needs to strengthen the school program by supporting families' understanding of their legal rights and ways they might advocate for their own students and all students. PCMS uses a monthly newsletter to provide relevant information to parents and family members.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

As stated in item 3 above, PCMS has implemented a self-identification question in the annual parent survey so data can be disaggregated and needs can be addressed. In addition, site administration is meeting with individual families to elicit feedback. Questions that guide these conversations are being reviewed and revised to address these specific requirements and shape the school culture/programs to better address the needs of families.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Seeking Input	1	2	3	4	5
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.		2			
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	1				
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.		2			
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.			3		

#### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

PCMS supports parent decision-making with a monthly PLC and with the implementation of the new family orientation. Again, parents will be invited to participate in the PLC and other onsite opportunities with the support of site administration. In spring 2022, PCMS revised and rolled out an annual spring survey to elicit specific feedback for LCAP development.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

The LEA will continue to focus on improving outcomes with a new family orientation and 1:1 interview, as described in previous sections.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

PCMS will continue to ask families to self-identify to better document trends and needs to be addressed during LCAP development.

## School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
2. **MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

The December 2022 Student Climate Survey response rate was 95%. The results indicate staff have high expectations for achievement and students feel respected by adults at the school. 88% of students responded they take pride in keeping their school in good condition.

### KEY LEARNINGS

There is a need to address school culture and climate at PCMS.

### AREAS OF STRENGTH/GROWTH

Student overall connectedness/satisfaction rate was 78%, -2% from the previous year.

Statements scoring at least 85% include setting a high standard for achievement, treating students with respect, taking pride in the condition of the school and setting clear rules for behavior.

PCMS increased slightly from the previous year on statements pertaining to safety and connectedness:

- \* School is a place I feel safe. 80% (+2%)
- \* I know an adult at school that I can talk to if I need help. 78% (+2%)

The lowest scoring statements include:

- \* I like school. 70% (-4%)
- \* I feel like I fit in at my school. 78% (baseline)
- \* I feel successful at school. 75% (-3%)
- \* The behaviors in my class allow the teachers to teach. 70% (-6%)
- \* Students are frequently recognized for good behavior. 68% (-8%)

### LEA'S RESPONSE TO THE RESULTS

PCMS will continue the after-school program to address learning loss and provide students a safe place to connect with peers. Efforts to increase attendance will continue in 23-24 by increasing student engagement, improving the support for peer-to-peer interactions, and positive recognition for students' good behavior. PCMS will continue to provide students with additional mental health support, with a mental health counselor who is on campus approximately 15 hours a week. We have also hired a mental health coach who meets every Friday with students who are struggling with making wise choices. PCMS will provide classroom management/coaching training to staff by hiring a coach who specializes in this work. Site administration will continue to meet with students and parents to conduct follow up empathy interviews that further investigate need in low scoring areas.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

Tools used to track access to a broad course of study include the priorities and outcomes listed in the PCMS charter. PCMS must report on these priorities and outcomes for renewal.

PCMS also uses the Aeries SIS to enroll students and disaggregates course enrollment data annually for Civil Rights submissions to the CDE.

Beginning spring 2022, PCMS is asking parents to self-identify for unduplicated student groups and/or students with IEP data to better disaggregate data and identify specific needs.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

PCMS cannot offer more than one core course option per grade level. Differentiation occurs in the classroom to meet individual needs. PCMS also provides elective courses to students as the budget allows. PCMS uses data to establish a student priority for selecting electives.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

PCMS is a very small school and has the data and the flexibility to accommodate student needs. All students enrolled at PCMS, including those in unduplicated student groups and students with IEPs, have access to as broad of a course of study as can be provided

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

PCMS is a very small school and has the data and the flexibility to accommodate student needs. All students enrolled at PCMS, including those in unduplicated student groups and students with IEPs, have access to as broad of a course of study as can be provided.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

**Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.**

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

## Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

**Assess the degree of implementation of coordinated service program components for foster youth in your county.**

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					

Coordinating Services	1	2	3	4	5
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.
